

It is with a profound sadness that I share my withdrawal from the 2026 election for our board of directors.

Weeks before the call for candidates, a diverse group of us agreed on one thing. We cannot split the vote. Wyndham and the timeshares have a combined 1700 votes for each of two candidates. Nominating more than two of our own "members first" candidates would result in a split vote, significantly increasing the possibility of the Wyndham/timeshare block carrying the election.

To keep from splitting the vote, I made the decision to withdraw.

Many of you have, over the last few days, expressed your support for me. That has meant more to me than I can put into words. I will carry that support in my heart going forward.

I want to encourage you to do two things.

First if you don't know him, familiarize yourself with Bruce Evans. Get to know his heart. His mind. The contribution he has made over the last 15 years to this community. And when you do, you will appreciate the devotion and love he has for the people of this community. He is "members first."

Second, please vote. We have a 1700-vote obstacle to overcome. We need your vote. Your neighbors' votes. And your friends' votes. If you voted for Isaac Zuercher last year, we encourage you to vote for Bruce this year.

I'll close with this. We are the PANDAS. And we're not going anywhere.
